

TOWN OF DAVIE TOWN COUNCIL AGENDA REPORT

TO: Mayor and Councilmembers

FROM/PHONE: David Quigley, Planning & Zoning Manager/(954) 797-1075

PREPARED BY: Lise Bazinet, Planner II

SUBJECT: Quasi Judicial Hearing, Variance Application: V 5-2-08/08-85/Davie Manor Townhomes/6482 Palm Garden Court

AFFECTED DISTRICT: District 2

ITEM REQUEST: **Schedule for Council Meeting**

TITLE OF AGENDA ITEM: V 5-2-08, Davie Manor Townhomes, 6482 Palm Garden Court

REPORT IN BRIEF: The petitioner (Davie Manor HOA) is requesting a variance from the Land Development Code, Section 12-107 C.5(a) Required landscape buffer for multifamily districts adjacent to existing public right-of-way, FROM: the required twenty (20) foot landscape buffer abutting a collector street (Davie Road) TO: provide a twelve (12) foot landscape buffer for lots 14 through 21 along the eastern property line, and FROM: the required ten (10) foot landscape buffer abutting a street TO: provide an eight (8) foot landscape buffer for lots 7 through 13 along the southern property line. This variance will allow wood deck patios to encroach into the required landscape buffers. The Town landscape inspector reviewed the site and found two trees are missing from the approved landscape plans (A Live Oak and a Calophyllum or Brazilian Beauty Leaf at the southeast corner). These two trees should be replaced as a condition for approval.

PREVIOUS ACTIONS: At the October 1, 2008 Town Council meeting, this item was tabled to the October 15, 2008 meeting.

CONCURRENCES: At the September 10, 2008 Planning & Zoning Board meeting, Mr. Busey made a motion, seconded by Mr. DeArmas, to approve subject to the restriction that it be an elevated wooden deck which would not obstruct the existing drainage system. In a roll call vote, the vote was as follows: Chair McLaughlin – no; Vice-Chair Stevens – yes; Mr. Busey – yes; Mr. DeArmas – yes; Ms. Turin – yes. **(Motion carried 4-1)**

FISCAL IMPACT: not applicable

Has request been budgeted? n/a

RECOMMENDATION(S):

Staff finds the application complete and suitable for transmittal to the Planning and Zoning Board and Town Council for further consideration. If approved, staff recommends the following condition:

1. Missing trees, one Live Oak and one Calophyllum (Brazilian Beauty Leaf) from the approved landscape plan must be replaced prior to the issuance of any building permit for a deck on any lot.

Attachment(s): Planning Report

Application: V 5-2-08/08-85/Davie Manor Townhomes

West:	RM-10, Medium Density Dwelling District

Zoning History

Related zoning history:

Previous requests on same property:

Site Plan Application (SP 7-2-00 Davie Manor @ Palm Garden Park): On September 20, 2000, Town Council approved a Site Plan application for 21 two-story townhouses.

Concurrent Request(s) on same property: *Site Plan Modification (SPM 5-2-08, Staff review)* to incorporate the proposed wood decks after variance approval.

Applicable Codes and Ordinances

The effective Code of Ordinances governing this project is the Town of Davie Land Development Code.

Land Development Code (Section 12-305), Rezoning, Special Permits, Variances, and Vacations or Abandonment of Rights-of-Way. The purpose of this division is to guide the processing and granting of rezoning, special permits, variances and vacations or abandonment of rights-of-way in a manner consistent with the Town of Davie Comprehensive Plan, existing development and in a manner which protects the public health, safety and welfare.

Land Development Code (Section 12-107 C.5 (a)) required landscape buffer for multifamily districts adjacent to existing public right-of-way.

Comprehensive Plan Considerations

Planning Area:

The subject property falls within Planning Area 9. Planning Area 9 is south of Griffin Road, generally north of Stirling Road, east of SW 76 Avenue and west of the Florida Turnpike. This area is predominantly agricultural in nature with scattered low-density single-family residential development. Low profile commercial development lines the Griffin Road, Davie Road, and Stirling Road corridors.

Broward County Land Use Plan:

The subject site falls within Flexibility Zone 102.

Applicable Goals, Objectives & Policies:

Future Land Use Plan, Objective 17: Land Use Compatibility and Community Appearance, Policy 17-3: Each development proposal shall be reviewed with respect to its compatibility with adjacent existing and planned uses.

Application Details

The petitioner (Davie Manor Homeowners Association) is requesting a variance from the Land Development Code, Section 12-107 C.5(a) Required landscape buffer for multifamily districts adjacent to existing public right-of-way, FROM: the required twenty (20) foot landscape buffer abutting a collector street (Davie Road) TO: provide a twelve (12) foot landscape buffer for lots 14 through 21 along the eastern property line, and FROM: the required ten (10) foot landscape buffer abutting a street TO: provide an eight (8) foot landscape buffer for lots 7 through 13 along the southern property line. This variance will allow wood deck patios to encroach into the required landscape buffers.

Staff Analysis

The following information is staff's analysis (*italic font*) based on the criteria established in the Town of Davie's, Land Development Code, Section 12-309(B)(1) for variance applications:

- (a) There are special circumstances or conditions applying to the land or building for which the variance is sought,

The site plan for this development was approved with 12'x12' screened patios at the rear of each townhouse unit. However, as indicated in the petitioner's justification letter, the developer did not build the screened patios and instead, the individual unit owners built wood decks. Some of the wood decks were built encroaching into the required landscape buffer.

which circumstances or conditions are peculiar to such land or building and do not apply generally to land or buildings in the same district,

There is no peculiar condition on this development other than the fact that the approved screen enclosures were never built as approved.

and that said circumstances or conditions are such that the strict application of the provisions of this chapter would deprive the applicant of the reasonable use of such land or building for which the variance is sought,

The circumstances or conditions are not such that the strict application of the provisions of this chapter would deprive the applicant of reasonable use of the land or building. The subject site can be reasonably used without a variance.

and that alleged hardship is not self-created by any person having an interest in the property.

The alleged hardship was created by the unit owners who constructed decks encroaching into the required landscape buffer.

- (b) The granting of the variance is necessary for the reasonable use of the land or building and that the variance as requested is the minimum variance that will accomplish this purpose;

The granting of the variance is not necessary for the reasonable use of the land or building. However, the proposed variance is the minimum necessary to accommodate existing wood decks, and would allow other townhouse owners to construct decks of similar size.

- (c) That granting the variance will be in harmony with the general purpose and intent of this chapter and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

The granting of this variance would not necessarily be noticeable to the general public provided that the landscape buffer provides an effective screen from the rights of way. The Town landscape inspector reviewed the site and found two trees are missing from the approved landscape plans (A Live Oak and a Calophyllum or Brazilian Beauty Leaf at the southeast corner). These two trees should be replaced as a condition for approval.

Staff Recommendation

Staff finds the application complete and suitable for transmittal to the Planning and Zoning Board and Town Council for further consideration. If approved, staff recommends the following condition:

Missing trees, one Live Oak and one Calophyllum (Brazilian Beauty Leaf) from the approved landscape plan must be replaced prior to the issuance of any building permit.

Planning and Zoning Board Recommendation

At the September 10, 2008 Planning & Zoning Board meeting, Mr. Busey made a motion, seconded by Mr. DeArmas, to approve subject to the restriction that it be an elevated wooden deck which would not obstruct the existing drainage system. In a roll call vote, the vote was as follows: Chair McLaughlin – no; Vice-Chair Stevens – yes; Mr. Busey – yes; Mr. DeArmas – yes; Ms. Turin – yes. **(Motion carried 4-1)**

Town Council Action

At the October 1, 2008 Town Council meeting, this item was tabled to the October 15, 2008 meeting.

Subject: Why Davie Manor is applying for a variance.

To whom it may concern:

We, the residents of Davie Manor Town home, are applying for a variance because when the builder built theses townhouses we were suppose to have a screened-in-patio. However, the builder did not build patios and told us to do wooden decks. The builder build a wooden deck on the model town house, so the other residents built decks. In order for the current residents to keep their existing decks we must apply for this variance.

Best regards,

Board of Directors

Davie Manor Homeowners Association
Board of Directors
President: Tony Mantilla (954) 558-0323
Vice-President: Trish Dumaine (954) 581-9221
Treasurer: Rodney Sobelson (954) 663-3523

Davie Manor HOA
Post Office Box 290428
Davie, FL 33329-0428

August 16, 2008

Attention: Town of Davie

Reference: Davie Manor Townhome

There are special circumstances or conditions applying to the land or building for which the variance is sought, which circumstances or conditions are peculiar to such land or building and do not apply generally to land or buildings in the same district, and that said circumstances or conditions are such that the strict application of the provisions of this chapter would deprive the applicant of the reasonable use of such land for which the variance is sought, and that alleged hardship is not self-created by any person having an interest in the property.

The granting of the variance is necessary for the reasonable use of the land and that the variance as requested is the minimum variance that will accomplish this purpose; that granting the variance will be in harmony with the general purpose and intent of this chapter and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

In addition, we have a landscaper buffer between where the variance will be granted and this variance will be no detriment to the public in any way.

Sincerely,

Davie Manor Residents
